Orange Gecko Films LTD. Registered Company in England & Wales: 11470262
222 Bon Marche Centre, 241-251 Ferndale RD, London SW9 8BJ

● about me

I am a highly organised and passionate freelance senior producer/post producer with experience working in advertising agencies as well as branded content/corporate film production companies, working across both film and animation projects, in a wide range of sectors. I believe teamwork is central to everything we do, and love working within teams that value each other’s opinions and creative suggestions. I enjoy and thrive on the every day challenge of producing engaging and meaningful content. I pride myself on building trust-based client relationships; being honest and direct about issues, creative in my approach to solutions, being willing and able to push back, question, and go the extra mile - always striving for the best possible results.

● experience

For the past seven years I have been working with ICP & Craft Worldwide (McCann Worldgroup), post-producing a series of global campaigns, across brands such as **Amazon Audible**, **Microsoft**, **XBOX**, **Just Eat** and **Nespresso**. I have managed several large global localisation campaigns across a wide range of markets - covering deliveries to TV, Cinema, DOOH and Social/ Online channels.
Here are a few of the standout campaigns I’ve worked on in the past few years:

- XBOX** - Wake Up and Dream / Forza Motorsport / Beyond Generations / Series XIS / Power Your Dreams / Gears of War 5
- Microsoft** - Windows 11 / Microsoft Teams / Snow Leopard
- Just Eat** - Did Somebody Say Just Eat
- Nespresso** - Really George / The Quest

Prior to this I worked freelance and in-house for various production companies - and have experience budgeting, script writing, producing & directing shoots of varying sizes, from streamlined overseas charity shoots to full-scale multi-part drama productions.
Outside of my freelancing work, I produce/direct my own short film projects - recently with official selections at *Raindance* and *LA Shorts Film Festival*, I also have one feature-length script in development.
